

The Keep Safe initiative aims to support you to stay independent and provide you with a safe place when out in your community.

The Android App can be accessed through Google Play Store. The Apple/iPhone App can be accessed through the App Store.

To find the App, search for “Keep Safe Gloucestershire”.

During install, you will be asked for your name and emergency contact number.

If you click on the “I need Help” button, the App will create a text message to send to your emergency contact. If you do not wish this to be sent, click the back arrow and use the III menu to reload the App.

The “All Safe Places” allows you to zoom in to your location (blue dot) and see safe places near to you.

You can select any of these, then click  to get directions.

If you have any questions, contact us at info@keepsafeglos.org.uk
