

Let's talk about anxiety

Anna Freud

Anxiety is a feeling of unease, such as worry or fear. It's the body's natural response to stress.

Let's talk about anxiety animation

- What are some of the situations that made the characters feel anxious?
- What things were helpful for the characters?

Healthy coping skills cards

Positive self-talk

Feel calmer and more confident

Think of some negative thoughts you might sometimes have (e.g., "I can't do this!")
Think of three positive phrases you might try to use instead (e.g., "I can do it, I've done it before!")
Write these phrases down and reflect on when you might use them.

Five senses

Feel relaxed and more aware

Take a deep breath. Look around. Try to notice:
five things you can see
four things you can touch
three things you can hear
two things you can smell
one thing you can taste.

Thoughts in the sky

Relax and let go of anxious thoughts

Sit comfortably. Focus on breathing in and out.
As you breathe out, imagine any anxious thoughts floating away into the sky.
Continue this for a couple of minutes, focusing on your breath.

Box breathing

Feel calmer and more relaxed

Breathe in through your nose for 4 seconds.
Hold your breath for 4 more seconds. Feel the air fill your lungs.
Breathe out through your mouth for 4 seconds.
Repeat this several times.

Three Things

Something new I've learned about anxiety is...

Something I can use is...

Another thing I'd like to try is...
