

Supporting Whole-School Change: Gender Inclusion & Responding to Tech Abuse

Thursday 21 January 2027 at Highnam Community Centre

Join Gloucestershire Healthy Living and Learning (GHLL) for a timely and practical day of FREE learning, exploring how schools can foster inclusive cultures, promote gender equality, and respond effectively to the growing challenges of technology facilitated abuse. The day is made up of three interesting sessions delivered by GHLL, Gloucestershire Constabulary and The Lucy Faithfull Foundation. See below for further details

Exploring Ways to Support Schools in Fostering Inclusive Culture and Gender Equality

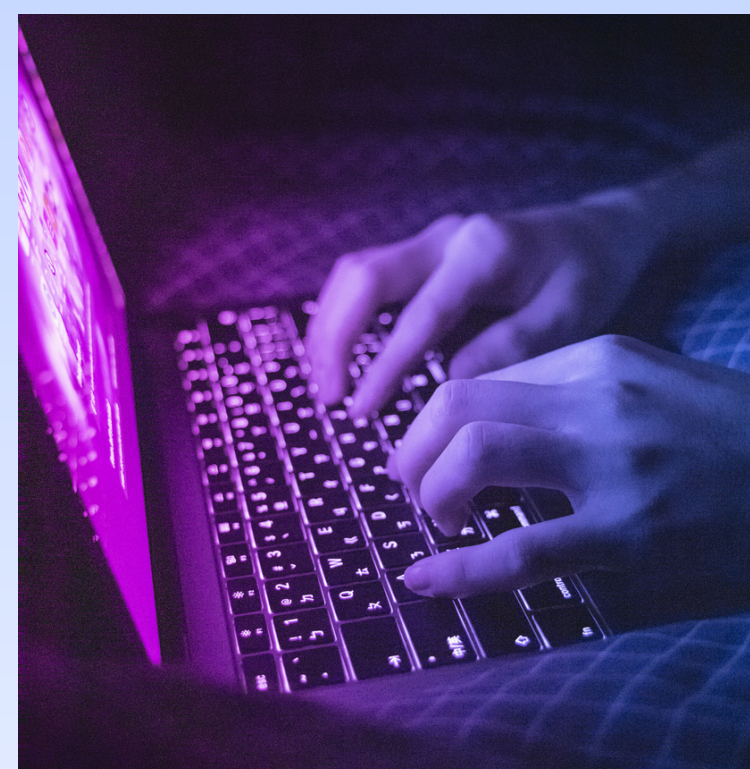

A practical, hands-on course designed to help schools navigate the evolving landscape of inclusion and gender equality. Participants gain clear, actionable strategies to strengthen whole-school culture, challenge bias, and create environments where every student feels valued and able to thrive.

Tech Facilitated Abuse

This Cyber Protect presentation focuses on the safety risks linked to Violence Against Women and Girls (VAWG) in online spaces and the growing threat of technology-facilitated abuse. It explores how social media, messaging apps, online platforms, and gaming environments can be misused to enable harassment, coercive control, stalking, and exploitation. The session covers key issues including online harassment, image-based abuse, sextortion, cyberstalking, and online grooming. It highlights warning signs, the potential impact on victims, and practical steps to prevent harm and support those affected.

Gloucestershire Constabulary

LUCY FAITHFULL FOUNDATION

This full-day event will also include a session by the **Lucy Faithfull Foundation** on **Managing harmful sexual behaviour and promoting positive masculinity**. Further details will be shared once finalised.
